

Soumadip Das

B.Tech in Information Technology | Tejas India Hackathon Winner 2026

Email: soumadipd43@gmail.com | Phone: +91-7547949426 | Location: Haldia, West Bengal, India
LinkedIn: linkedin.com/in/soumadip-das-8837293a1/ | GitHub: github.com/soumadip-engage

Professional Summary

Dedicated Information Technology undergraduate at Haldia Institute of Technology maintaining a 9.16 CGPA. Tejas India Hackathon Winner and Team Lead on SecureFlow AI (real-time UPI fraud monitoring & anomaly detection system). Hands-on proficiency in Python, SQL/SQLite, Java, C/C++, Generative AI, Power BI, and Data Structures & Algorithms. Active Research Assistant at NSRI with strong problem-solving and software engineering leadership.

Education

Haldia Institute of Technology (HIT)

Bachelor of Technology (B.Tech) — Information Technology (IT) (2025 – Present)

Key Coursework: Data Structures & Algorithms, Object Oriented Programming, DBMS, Operating Systems, Computer Networks, Software Engineering.

CGPA: 9.16 (1st Yr: 9.15 | 2nd Yr: 9.16)

Shimlapal Madan Mohan High School (SMMHS)

Higher Secondary (Class XII) — Science Stream (WBCHSE) (2024 – 2025)

Specialized in Physics, Chemistry, Mathematics, and Computer Science.

Distinction Score: 93%

Amlasuli Indra Narayan High School (AINHS)

Secondary Examination (Class X) — WBBSE Board (2022 – 2023)

Foundational mathematics, physical sciences, and academic honors.

High Academic Distinction: 92%

Featured Projects & Hackathons

UPI Fraud Detection & Prevention System (SecureFlow AI)

Tejas India Hackathon Winner 2026

- Engineered a real-time transaction monitoring platform in Python with an optimized SQLite/SQL relational database layer.
- Formulated anomaly detection logic tracking rapid velocity spikes, geo-mismatches, and anomalous token requests in < 85ms.
- Built web telemetry dashboards with live transaction logs, fraud categorization, balance auditing, and security triggers.
- Led end-to-end architecture, database schema design, and presentation before national hackathon jury to win 1st Place.

Global Ripple Effects: Economic Impact of War (2020–2023)

Macroeconomic & Analytics Research

- Researched geopolitical shocks across international markets, commodities, currency values, and energy supply chains.
- Compiled, standardized, and cleansed large longitudinal datasets using Microsoft Excel and statistical methods.
- Constructed interactive multi-factor analytics models in Microsoft Power BI visualizing historical inflation fluctuations.

Experience & Roles

Research Assistant — National Student Research Institution (NSRI)

Jun 2026 – Present

Engaging in academic computing research, algorithm analysis, literature synthesis, and peer-reviewed documentation.

Full Stack Engineer (Freelance) — micro1

May 2026 – Present

Developing scalable web application modules, API integrations, responsive interfaces, and test-driven components.

AI Data Trainer — Handshake

May 2026 – Present

Evaluating AI generation accuracy, performing model response benchmarking, and curating domain training datasets.

AI Specialist — Outlier AI

Apr 2026 – Present

Executing RLHF evaluations, code reasoning validation, and prompt complexity stress-testing for state-of-the-art LLMs.

Digital Marketing Intern & Campus Ambassador — International Model United Nations (IMUN)

Apr 2025 – Jul 2026

Conducted national delegate outreach, led digital engagement campaigns, and awarded Certificate of Excellence.

Technical Skills & Competencies

Languages:	Python, Java, C, C++, SQL, JavaScript, HTML5/CSS3
Databases & Systems:	DBMS, SQLite, SQL Schema Optimization, Relational Modeling
AI & Data Analysis:	Generative AI, Prompt Engineering, Microsoft Power BI, Statistical Analytics
Tools & CS Core:	Git & GitHub, VS Code, Linux/Bash, OOP, DSA, Software Architecture

Key Certifications & Honors

- Tejas India Hackathon Winner 2026 — Team Lead, SecureFlow AI (1st Place)
- Google Cloud Gen AI Academy 2.0 Certification
- Google Cloud Arcade Guide 2026 Workshop
- Deloitte Cyber Job Simulation — Forage

- ' Goldman Sachs Operations Job Simulation — Forage
- ' Certificate of Excellence — Campus Outreach & Leadership (IMUN)
